The FLAT seat is a small task chair with seat and back in plastic (PP). Its light and agile design, variety of colors and small foot base make it suitable anywhere. With the inBalance mechanism in the center, it intuitively follows your every move, providing maximum comfort throughout your workday, helping you stay healthy and productive no matter what you're doing. Made from 94% post-consumer plastic and 97-98% recycled aluminum, FLAT is a sustainable choice.

Warranty:

10 years from the date of production on any part of the chair, on any manufacturing defect.

Certifications:

Tested in compliance (pending approval) with EN 1335-1 2020 Type B and EN 1335-2:2018, GS, EN 1729-2: 2012 + A1: 2015 and EN 16139: 2013.

Environmental certifications:

Environmental product declaration (EPD), GREENGUARD GOLD certification
