The ZAFFIRO seat is the modern benchmark for pressure distribution, natural alignment and healthy movement. Instead of locking you in the seat, this modern chair combines active and passive ergonomics to encourage effortless long-term sitting. Its distinctive spinal design allows you to manually adjust the fit to your back while the pixelated seat and backrest automatically adapt to your micro-movements.

Warranty:

12 years from the date of production on any part of the chair, on any manufacturing defect.

Ecological description:

Manufactured in a 100% renewable electricity facility. Made with 42% recycled materials; 95% recyclable at the end of its life
